THE RELIABLE PARTNER IN INTERNATIONAL TRANSPORTATION

Destinations / origins

For Far East and USA we the P+E group are NVOCC and ocean forwarder licenses for both FCL and LCL shipping . Marine insurance through TT Club nr.41451 A Complete control over your shipment through automated tracking systems through the internet.

From Europe we offer inland shuttle services connect the hinterland via Rotterdam.This shuttle project guarantees fixed departure days and relatively fixed duration from and to many destinations in Europe. We offer a weekly service to Aruba and Curacao by sea and air for general cargo.

BY SEA

The P+E group of companies are specialize in LCL consolidation services out of the Far East, to the USA and the Caribbean. We also offer customers a dedicated confirmation service, that of confirming when cargo departs from Origin and its estimated time of arrival at final destination. We can offer a comprehensive worldwide service for FCL as well as LCL cargo.

BY AIR

Beside sea freight we co-operate with our partners to offer air freight services, and as IATA members we have access to all major airlines. With our own offices and partners in the Far East, Europe, Caribbean, Mediterranean North & South America, we are able to provide an excellent service to any destination worldwide.

BY SEA / AIR

We offer freight services from Hong Kong and China under the product name Zen Express. Khor Fakkan is the first gateway to the Emirates and makes us unique from other sea – air providers. We offer this service with direct flights only from the Emirates.

Working systems:

Zen Express doesn't work with operational agents in Europe. All cargo arrives consigned directly to you, freight paid. And because you will have a direct account with our organization, you benefit from the best rates available. You only need to pay the local handling to the airline.

A matter of expertise and trust.

It is matter of quality of the information we send to our customers.

It is a matter of our capacity to integrate and add value to our customers trade.

It is a matter of our network agents and partners who share our vision.

Can we be your partner?
